Cálculo de volumen de agua

Para un correcto suministro del producto químico, es importante calcular el volumen de agua de la piscina.

Calculate the pool water volume

It is important to calculate the pool water volume to do a correct chemical treatment.

Calcul de volume d'eau

Pour un bon dosage du produit chimique, il est nécessaire de calculer le volume d'eau de la piscine.

Calcolo del volume d'acqua

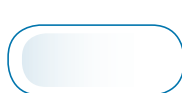

Per un corretto dosaggio del prodotto chimico è importante calcolare il volume d'acqua di una piscina.

$$V = L \times I \times P$$

$$V = D \times D \times P \times 0,785$$

$$V = L \times I \times P \times 0,785$$

$$V = L \times I \times P \times 0,85$$

V Volumen en m³ • Volume in m³ • Volume en m³ • Volume in m³

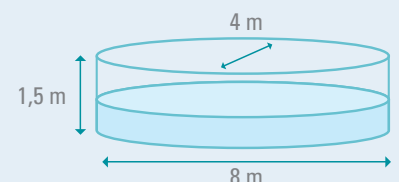

L Longitud en m • Length in m • Longueur en m • Lunghezza in m

I Anchura en m • Width in m • Largeur en m • Larghezza in m

D Diámetro en m • Diameter in m • Diamètre en m • Diametro in m

P Profundidad en m • Depth in m • Profondeur en m • Profondità media in m

Ejemplo • Example • Exemple • Esempio

$$1,5 \text{ m} \times 8 \times 4 \times 0,785 = 37,68 \text{ m}^3$$
